Never lose sight of the fact that there isn't a garment in the bunch but what we can consistently recommend for good service, whilst very many of them have every appearance of suits that command from fifty to seventy-five per cent. more in price at other places, and at that they are made not so good nor fit anything like as well as these famous Seven Twenty-five Suits on sale at this store this season.

We tell you now—as we have said before—these Suits are choice, reliable, well made, and represent intrinsically all of the money worth that nine and a quarter can ever buy in a legitimate way. Here are shapes of all desirable kinds, suits of all sorts of regular and irregular forms. A perfect fit guaranteed. The fact of the matter is simply this—Twelve Fifty captures here a type of materials made up with far better tailoring improvements than it has ever done before, and the best proof of appreciation of the worth and value of the suits is practically illustrated by the great sales that are made in this particular grade. If you have in view buying a new Spring Suit the Twelve Fifty line here will certainly prove of sufficient importance to command your careful consideration.
